# OUR PATIENTS

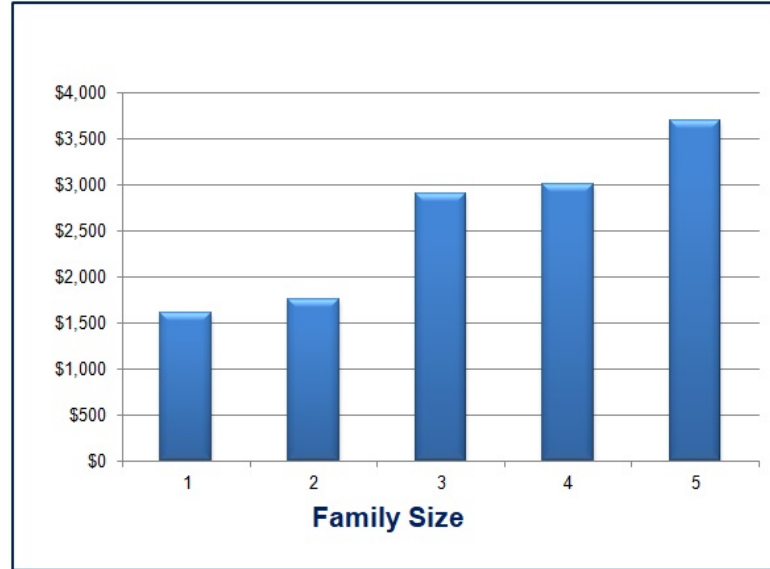

I know that I am not alone. I can focus on my children and my future and not worry about how I will pay for my insulin. It's no longer a choice between medicine or food. They are angels! - Andy R.

## MONTHLY INCOME

## RACE

## AGES

Tri City Health Partnership was established in 2001 with one mission: provide free, quality medical and dental care to low-income, uninsured and underinsured residents of Central Kane County.

Simply put, we save lives and keep our community healthy.
